

# COMMUNICATION PROTOCOL FOR POSITIVE COVID-19 CASE

- Interior Health (IH) confirms a positive case and notifies St. Joseph School administration
- IH leads planning to determine scope and next steps
- St. Joseph provides records and information to support contact tracing

NO

- No exposure at school
- No letter to community
- No notification

YES

- IH begins contact tracing
- IH posts school exposure notice on IH website

Higher risk contacts

- St. Joseph emails IH self-isolation letter to individuals or affected groups as determined by IH
- Affected groups follow directions outlined in IH letter
- These individuals are not allowed at school - learning will continue online

Lower risk contacts

- St. Joseph emails IH self-monitoring letter to low risk families as determined by IH
- Affected groups follow directions outlined in IH letter
- These individuals will be allowed to attend school

Entire school

- St. Joseph emails an exposure letter to all families
- IH monitors school setting for 14 days to watch for linked cases or further infection
