## Tuition Information

### Reason for Tuition Fees

St. Joseph Elementary school is recognized by the Ministry of Education as a Group I Independent School. This means that we are able to have the maximum funding available to an Independent School (50% of the per student operating costs of the local public school district). These are partial operating costs only and do not cover costs for capital expenditures such as: buildings, computers, desks, transportation, etc. Other sources of revenue are required to operate the schools. There are three other sources of revenue for our operational budget: tuition fees, donations and fundraising.

### Reason for a “Practicing Catholic” Tuition Rate

St. Joseph Elementary School accepts practicing Catholic (Category I), non-practicing Catholic and non-Catholic (Category II) students. Both Catholic and non-Catholic families pay tuition and indirectly support the school through government grants (we all pay taxes!). It is a fourth source of revenue, parish subsidies for capital expenditures, in which non-practicing Catholic and non-Catholic families do not participate. Because of this, a two-tiered tuition rate has been set which reflects that those already supporting the school financially through their own parish should enjoy some benefit from a lower tuition rate. Stated the other way, a family who is not active in a Catholic Church which financially supports our schools, should in fairness play an equally supportive role in the area of school finances by paying a higher tuition.

### Fair Policy

There is a reason, therefore, for having a Catholic family’s pastor vouch that a family is an active parish family. This attempts to uphold an integrity to the policy of a two tiered tuition rate. A family requesting a Catholic rate must actually qualify for the lower rate, to be fair to three groups of people:

1. If a non-Catholic family pays a higher tuition rate it must be because the Catholic families are actually supporting the school through their own contribution in the Sunday collection on a regular committed basis. Otherwise, it would be blatantly discriminatory to charge people different tuition rates simply on the basis of religious denomination.
2. Parishioners of the Catholic parishes in Kelowna and area financially support Catholic schools to a total annual amount of approximately \$190,000. It would be unfair to expect the parishes to subsidize families who are not in turn sharing in the financial responsibilities of the parish.
3. The staff in our Catholic school accepts a lower salary than their public counterparts as part of their commitment to Catholic education. It would certainly be a double standard to expect one thing from the staff and, at the same time, not expect families to be offering such example to their children.

### Catholic Rate Criteria

While the practice of the Catholic faith involves the sacramental life of the Church, moral living consistent with the gospel, responsible stewardship in supporting the Church, and prayer and bible reading, the focus of the Catholic tuition rate relates to financial stewardship.

1. Unless excused for an acceptable reason, the precept of the Church specifies that, on Sundays and other Holy days of obligation, the faithful are bound to participate in the Mass (see Catholic Catechism #2180).
2. The faithful should participate in the activities of the parish in a visible way so that, together, all parishioners may continue the mission of the Church, i.e., to make Jesus known to the community.
3. A Catholic makes regular, sacrificial contributions to their parish in the Sunday collection, which includes planned giving through the use of contribution envelopes.

\*\*\*Therefore, in requesting the subsidized practicing Catholic parish rate, you are asking the parish to affirm the practice of your faith, as identified above.

## Life Threatening Allergy Awareness

Dear Parents/Guardians:

As each of you are aware when you register your child for school we ask you about your child's health and whether they have any allergies. **We have a number of students who have a life-threatening allergy to peanuts and a few students who are allergic to all nuts.** Some of these students are **allergic to the taste** only while others are **allergic to the touch** as well. If any of these students come into contact with nuts/peanuts they will have trouble breathing within seconds. This can happen even if they eat or touch a very small amount of a product containing nuts/peanuts by accident. To avoid such an emergency, we are asking for your much-needed cooperation.

We recognize that many children love nuts and especially peanut butter. However, it is mandatory that you **do not send nut products to school** with your child for lunch or snacks. If a child does bring a nut product to school by accident, we will ask that child to eat their snack or lunch in a safe area (one area has been set aside in each building) with a buddy.

Please discourage your child from sharing any food, knives, forks, spoons and food containers with the children that have allergies. We encourage all students to get in the habit of washing their hands before and after eating. **Hand washing is one of the best preventions.** In order to avoid any teasing, we ask that you take time to sit down with your child and discuss the seriousness of these allergies with your child and how each of us must be tolerant and accepting of the safety needs of all the children in the school.

The teachers and I will be discussing the above points with all students and we hope that each of you as parents will reinforce them at home with your child. In addition, the school's health nurse has reviewed the emergency procedures with us. All staff (including supervisors) have been instructed and informed about how to respond to such an emergency one should arise.

If you have any questions/concerns please do not hesitate to call me.

Yours in Christ,

Maddy Pedrette

## Dear Volunteer:

Thank you for your interest in volunteering at our school. Volunteers strengthen our school community and are much appreciated.

Before you volunteer, in the interest of protecting you and our children, our Diocesan *Safe Environment Policy* requires that you:

- provide a clear criminal record check
- attend a Safe Environment Policy Application session (read the *Safe Environment Policy*, complete a *Safe Environment Application*)
- Receive approval from the Diocese Safe Environment Office
- Renew both the Criminal Record Check Application (CRC) and Safe Environment Application (SEA) every five years.

## Criminal Record Check

The Criminal Record Check Application is available at the school office and/or at a Safe Environment session for volunteers to complete.

Upon successful application, our Safe Environment Office of the Diocese of Nelson will send confirmation to the school office. The school office will then send an email of confirmation to the applicant providing the applicant has also completed a Safe Environment Application.

A new Criminal Record Check (CRC) must be provided every five years.

## Safe Environment Training Application
