## Your school directory is now ready!

We use an app called DirectorySpot to give our families access to the school directory right from their computer or smartphone. If you submitted a directory form with your registration package you will automatically get an email with instructions on how to download DirectorySpot and set your password.

- The directory is accessible via iPhone, Android or on the web. You can also print the directory from your computer.
- Those who created an account last year can continue using the app as normal – there is no need for you to set up a new password.
- If you chose not to participate in the directory, you can still access the app - just send a request to [sjkdirectory@gmail.com](mailto:sjkdirectory@gmail.com) with your email address.

Once you have accessed the directory, please take a moment to review your family's information. Everything has been entered by hand so it is likely that mistakes/typos have been made. Please forward any corrections to [sjkdirectory@gmail.com](mailto:sjkdirectory@gmail.com).

More information on accessing the directory can be found on our school website under "News & Events/Directory & Publications"
